## Acclaim MSD 250 Fresnel

**High intensity display luminaire with adjustable 7°-60° soft edge beam for controlled illumination using the popular long life 250W 6700°K MSD lamp. The adjustable spot to medium flood beam is easily blended with adjacent beams and can be shaped using the 4-door barndoor accessory.**

Compact sized luminaire with integral 220V -240V electronic power supply and automatic mains power disconnection when opening the luminaire.

The Acclaim 250 MSD Fresnel is built Selecon tough from aluminium extrusion and moulded engineering plastics – robust, dependable, safe and easy to rig backed by the unique Selecon 3-year warranty for entertainment luminaires.

### Features

Available in charcoal flat black.

A wide range of beam angles from 7°-60° with high output, low wattage "daylight" discharge lamp.

Integrated safety bond.

Cooler focus operation due to the use of engineering plastics on front (colour frame mount) and rear.

Adjustable yoke balance point.

'Swing-down' side door for easy access to lamp or for cleaning. Micro-switch automatically isolates the mains power supply when opened. Lamps are quickly and safely replaced.

OFF / ON mains switch on rear panel.

Heat-insulated rear grab-handle which doubles as handy storage for the 3m cable length.

New barndoor design, cool to focus maintaining settings through unique hinge tension design.

Focusing is fast and safe using the large rear grab handle and heat protected focus knob and filter holder.
