

SICO® Mobile Folding Choral Risers

PRODUCT BENEFITS

- Four wheel design means no lifting to transport.
- Three rise fold for convenient storage.
- Exclusive deck locks allow quick configuration change

Carpet

Carpet Completely wraps tops and sides of all decks so they are always quiet. Carpet also eliminates the possibility of catching robes on sharp edges.

Neoprene

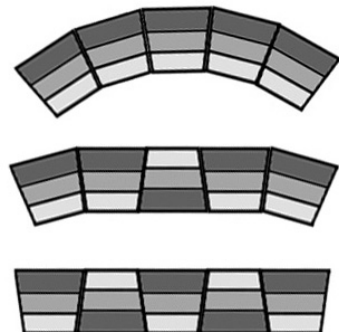

Reinforced **neoprene** feet provide scratch-free floor contact. When folded, units roll easily into position or storage.

Security rail brings

A permanently attached **security rail brings** peace of mind since it can't be left off accidentally or because it's too much trouble to put on. One inch, deck to deck overhang reduces accidents caused by heels slipping between riser tiers

Exclusive **deck locks** allow quick configuration changes. This system allows instantaneous change of the deck arrangement so units can be converted from a curved to either a straight line configuration, or a combination of curved and straight line.

Capacity 3 Tier Model 2600-324

(High School Students, Including a row on the floor in front)

Capacity 1 Unit: 12-16 performers

Capacity 2-3 units: 24-48 performers

Capacity 4-5 units: 48-80 performers
